What to do when your patient wants you to join Spring Health

Clinicians work with Spring Health because we do more than source clients and coordinate scheduling and billing for them. We're a community built for and by mental health professionals—backed by scientific research, grounded in clinical quality, and defined by unparalleled support.

Spring Health offers:

- **Flexibility.** Practice anytime, anywhere, virtually or in person.

- **Collaborative care.** Learn, connect, and grow with your fellow providers.

- **Less burden.** Focus on care delivery, not administrative tasks or overhead fees.

- **Supplemental income.** Get paid per visit, including no-shows.

You have:

- **Experience.** Provided care for at least 3 years, post-licensure.

- **Training.** Substantial experience in evidenced-based practices.

- **Tech Savviness.** Comfortable with technology and telehealth.

- **Commitment.** Dedicated to quality clinical care and client improvement.
