Medical plan options

The medical plans that are available to you are based on where you live and other criteria and will appear as options on the Adobe benefits enrollment site. The medical plan options available to you can change if you move or experience other changes.

The Aetna HealthSelect EPO plan is an in-network-only plan and is available to eligible employees who live within the plan's service area, based on home ZIP code.

To elect the Aetna HealthSave plan, you must be able to certify that you are eligible to contribute to a Health Savings Account (HSA), because the plan comes with an employer HSA contribution. (See Health Savings Account on page 15 for IRS limits, rules, and proration details.) Those who are ineligible for an HSA due to Medicare or TRICARE enrollment may elect this plan without an HSA if otherwise eligible.

HMSA—bundled health care for Hawai'i

If you live in Hawai'i, you are eligible for bundled medical, dental, and vision benefits offered through HMSA. Learn more about [HMSA coverage](#).

Aetna medical plans

Percentages shown represent the share the plan pays **after you meet the annual deductible** (unless otherwise noted). You pay the remaining percentage (your coinsurance). Dollar amounts shown for the HealthSave and HealthSave Basic plans represent the amount you pay (your copay) after you meet the deductible, while the plan pays the remainder. Dollar amounts shown for the HealthSelect EPO plan represent your copay and are not subject to a deductible unless otherwise noted.

The deductible is higher for out-of-network providers, as is the percentage you pay (your coinsurance). Additionally, all

out-of-network benefits are subject to either the usual, customary, and reasonable (UCR) maximum for providers or 200% of the Medicare cost for facilities. Plan reimbursements are based on the recognized charge. The HealthSelect EPO plan is an in-network-only plan that does not offer out-of-network coverage except in emergencies.

When evaluating the medical plan option that's right for you, it's important to also consider the plan cost (your per-pay-period contribution).

General provisions

Plan provisions	Aetna HealthSelect EPO	Aetna HealthSave		Aetna HealthSave Basic	
	In-network only	In-network	Out-of-network	In-network	Out-of-network
Provider choice	You may use any provider in the Aetna Select Network or Aetna Extended Network in Utah	You may use any licensed provider; however, you'll have a lower deductible and receive a higher level of benefits by using providers in the Aetna Choice POS II Network or the Aetna Extended Network in Utah

Lifetime maximum	Unlimited (excluding certain services)				

¹ If you cover any dependents, your deductible is the FULL family deductible, regardless of which member of the family incurs expenses. If you obtain care from an out-of-network provider, only the recognized amount counts toward your deductible. **The full calendar-year deductible applies even if you join the plan or change coverage midyear.**

² Deposited if you activate your account with HealthEquity. If you join the plan or increase coverage midyear, the funding is prorated. If you're enrolled in Medicare or TRICARE, you can enroll in an Aetna HealthSave plan without an HSA (no company HSA funding nor ability to make contributions yourself). Adobe does not provide HSA funding to COBRA participants.

³ If you cover any dependents, your OOPM is the FULL family OOPM, regardless of which member of the family incurs expenses. If you obtain care from an out-of-network provider, only the recognized amount counts toward your out-of-pocket maximum. **The full calendar-year OOPM applies even if you join the plan or change coverage midyear.**

¹ Coverage for preventive prenatal care with no cost share to the member is limited to routine pregnancy-related in-network physician office visits, including the initial and subsequent history and physical exams of the pregnant woman (maternal weight, blood pressure, and fetal heart rate check). Items not considered preventive include (but are not limited to) ultrasounds, amniocentesis, fetal stress tests, inpatient admissions, high-risk specialist visits, certain pregnancy diagnostic lab tests, and delivery, including anesthesia, and postpartum care.

² Three assisted reproductive technology (ART) cycles per lifetime, including IVF, GIFT, ZIFT, and FET. The plan's ART cycles can be used for fertility preservation; if you do fertility preservation, you get an extra half-cycle of ART, making you eligible for a combined total of 3.5 lifetime ART cycles. See plan booklet for definition of a "cycle." Artificial insemination (AI) services and ovulation induction (OI) procedures benefits are limited to six attempts per lifetime. Benefits for the freezing and storage of sperm, eggs, and embryos are covered for up to one year.

³ Benefits provided through Aetna; routine outpatient services do not require precertification. Inpatient treatment must be preauthorized. Applied behavior analysis (ABA) coverage requires precertification and is subject to medical necessity or utilization reviews.

⁴ Different benefit payment provisions apply for care provided in a skilled nursing facility.
